

LINING UP FOR THE ELECTION.

MANY QUESTIONS CONFRONT VOTERS OF COUNTRY.

PROHIBITION AND SOCIALISM FIGURE IN SOME STATES.

OREGON HAS TROUBLES WITH FREAK LAW PROBLEMS.

ASSOCIATED PRESS NIGHT REPORT.

CHICAGO, Oct. 30.—Election of State officers, judges of the Supreme Court, Railroad Commissioners, etc., will be held in thirty-eight States on Tuesday, November 3. Maine, Vermont, Arkansas and Georgia have held their State elections, but the two latter States will vote from tomorrow, elect Representatives to Congress. Maryland, Mississippi, Virginia and West Virginia, likewise, will elect Congressmen. Maine and Vermont have already chosen their Congressmen and State officers. In twenty-eight of the States, Governors and full State tickets are to be elected. In nine others, Justices of the Supreme Court and minor officials are to be chosen, while in Indiana State officers, except Governor, will be elected.

A number of the States will elect members of the Legislature. The terms of thirty United States Senators expire March 3, 1911. The Legislatures of Alabama, Maryland and Vermont have elected their Senators. The sixty-second Congress will be elected.

South Carolina and Louisiana have each but one ticket, the Democrats. The prohibition party has tickets in twenty-five States, the Socialists in thirty-four, the Socialist Labor in eight. The Independence League has a full State ticket in New York; the Keyholes and the Industrial party each have a ticket in Pennsylvania; the People's Independent (Populist) has one in Nebraska, and the American Party (anti-Mormon) one in Utah.

The number of tickets in the various States is: 1. South Carolina and Louisiana; 2. Florida, Kentucky and North Carolina; 3. Illinois, Missouri, Washington and Wyoming; 4. Alabama, California, Colorado, Connecticut, Delaware, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New York, Ohio, Oklahoma, Oregon, Rhode Island, South Dakota, Tennessee and Wisconsin; 5. Illinois, Massachusetts, Michigan, Minnesota, Missouri, New York, Ohio and Texas.

PROHIBITION AND SOCIALISM.

Prohibitionists have tickets in California, Colorado, Connecticut, Delaware, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, Nevada, New Hampshire, New Jersey, New York, Ohio, Oklahoma, Oregon, Rhode Island, South Dakota, Texas, Utah and Wisconsin.

The Socialist Labor Party has tickets in Illinois, Massachusetts, Michigan, Minnesota, Missouri, New York, Ohio and Texas.

Numerous proposed constitutional amendments and changes of various kinds are to be submitted in many of the States. Prohibition is an issue in Florida, Missouri and Oregon, and in those States proposed amendments to the constitution prohibiting the manufacture and sale of intoxicating liquors will be voted on.

Incidentally on a proposed constitutional amendment substituting local option for the present system of State-wide prohibition.

Three States, Oklahoma, South Dakota and Washington, will vote directly on the question of granting suffrage to women, while in Oregon a proposed amendment to the Constitution grants to all taxpayers, regardless of sex, the right of suffrage.

OREGON'S TROUBLES.

The largest number of questions to be voted upon in any one State is in Oregon. There thirty-two initiative and referendum questions will be on the ballot for approval or rejection. Included in this number, besides the proposed suffrage and prohibition amendments to the Constitution, is a bill, proposed by initiative petition, amending the Oregon primary law, and extending its provisions to Presidential nominations. Party candidates for Presidential electors, for election by party voters of delegates to their party national nominating conventions.

One of the suggested amendments to the Oregon Constitution proposed by initiative petition, provides for verdicts by three-fourths of a jury in civil cases. Another proposed amendment increases the initiative and referendum and recall powers of the people.

Conservation of natural resources will be passed by initiative and referendum in the shape of a proposed amendment to the Constitution, authorizing the State to make appropriation for acquiring, preserving and developing water power and forests of the State. In Minnesota, a proposed Constitutional amendment authorizes the Legislature to exempt from taxation lands of private persons to be used for purposes of reforestation.

STUBBS FOR PROHIBITION.

Kansas Governor Answers Critics and Aids in Missouri's Fight to Close Saloons.

ASSOCIATED PRESS NIGHT REPORT.

KANSAS CITY (Mo.) Oct. 29.—Gov. Stubbs of Kansas addressed a mass-meeting at Convention Hall this afternoon in behalf of the proposed State-wide prohibition amendment in Missouri, which will be voted on at the November election.

The announced purpose of the Governor was to answer the arguments issued by the anti-prohibition leaders, that prohibition had injured Kansas and that the law was not enforced in that State.

"If any brewer or distiller," declared Stubbs, "can show me an open saloon, I will close it at once or resign."

The speaker read letters from mayors and judges in various parts of Kansas to prove that the prohibitory law is effective, and that since it has been rigidly enforced, saloons have been closed, crime has decreased, real estate has risen in value, and general business conditions have improved.

ON RIGHT OF WAY.

FOUR DIE IN AWFUL WRECK.

BUTTE EXPRESS COLLIDES WITH CATTLE TRAIN.

Party of Montana Stockmen is Nearly Annihilated—Four Are Injured; Two Will Die—Flames Burn Bodies—Carloads of Cattle Are Incinerated—Thrilling Escapes.

ASSOCIATED PRESS NIGHT REPORT. MONTEVIDEO (Minn.) Oct. 29.—Four stockmen from Montana and South Dakota were killed, two injured so seriously that there is little chance of their recovery, and an engineer and fireman badly crippled when Section 4 of the Chicago, Milwaukee & St. Paul, eastbound express train No. 6, from Butte, crashed into the rear end of a stock train at a siding on the edge of Butte, on the siding to let the passenger by, a mile west of here, today.

DEAD AND INJURED.

The dead are William D. Hill, Miles City, Mont.; Thomas Hill, his son, Miles City; George Leger, Elmer, S. D.; J. H. Dechert, Greenwood, S. D.

Those seriously injured are George Rahsolt of Aberdeen, S. D., and William Downing of Miles City, Mont. Engineer T. P. Parker and fireman Sticker of the passenger saw the tall lights of the stock train caboose and jumped in time to save their lives.

Both were badly injured. Six stockmen coming east with the train load of cattle were asleep in the caboose, and four of them were killed outright. Two, George Rahsolt and William Downing, were crawling through the mass of wreckage, more dead than alive, and are frightfully burned and injured. They are not expected to live.

BODIES ARE INCINERATED.

The force of the impact shattered the caboose, demolished the two cars of cattle ahead, and the passenger engine over across the track on top of the wreckage.

The bodies of the four dead men were burned to a crisp. Two cars of cattle also were burned.

The Montevideo fire department extinguished the flames. Doctors and surgeons were rushed to the scene and everything possible was done for the injured, who were later removed to this city.

WEDS HER STEPSON.

Also Signs Agreement of Marriage for Him to Get License, As He Is Under Age.

CHICAGO, Oct. 29.—(Exclusive Dispatch.) That Dan Cupid, who was shown here yesterday, when James Turner, aged 20, applied at the office of the County Clerk for a marriage license, so that he might wed his stepmother, Mrs. Sarah Stewart, was not a joke, as it was reported.

Turner when he was only a baby, the clerk demurred at giving the license to Turner unless his parents or guardian would come forward and sign an agreement, as he was under age. This was easily accomplished, as the bride-to-be, Mrs. Stewart, is the wife of a prominent businessman, came forward blushing and signed the paper which would permit her marriage to her adopted son.

MEYER REACHES HAVANA.

HAVANA, Oct. 29.—The U. S. S. Dolphin, with the American Secretary of the Legation, Mr. Meyer, arrived here this afternoon after a rough trip from Miami. MIGHTY PORTALS.

GATES FOR PANAMA CANAL ARE BEING BUILT; WORLD'S BIGGEST.

ASSOCIATED PRESS NIGHT REPORT.

PITTSBURGH, Oct. 29.—The largest ranges in the world are being made in Pittsburgh for the Panama Canal. Each of the ninety-two gates will be about as big as a two-story building, six feet five feet wide and seven feet thick.

The structural steel that will go to make them will weigh 60,000 tons, or more than eight times as much as was used to build the Eiffel tower.

The mighty portals, designed to admit a world's commerce from one ocean to another, must withstand a tide of criticism as well as a tremendous pressure of water and possible convulsions of earth.

For years the controversy over gates or no gates, locks or sea level, has been the dividing issue of the canal project. In the face of fear in some quarters that the foundations on the Isthmus are not sure enough for locks, that earthquakes or water pressure would dislodge them, and that an enemy's mines or accidental explosion might easily destroy them, the government has begun to build the gates.

FIVE AND HALF MILLIONS.

The cost will be \$5,500,000. The builders are the McClintock Macmillan Construction Company, a half of whose ownership is owned by the government. Of the 60,000 tons of steel required, the heaviest single piece will weigh about eighteen tons. These will be the base girders, which are seven feet long, and which will be placed on the first floor girders of a skyscraper.

The series of girders above them will be made of steel, and will be bolted, bottom, to five feet apart at the top, and over the skeleton structure thus formed a sheathing of water-tight plates will be bolted, much after the fashion of clapboards on a house. The thickness of the plates will

BUREAU OF STANDARDS INSPECTOR IS COMING.

TO INVESTIGATE WEIGHTS AND MEASURES OF DEALERS.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Oct. 29.—(Exclusive Dispatch.) The United States Bureau of Standards is proceeding to demonstrate to the people of the Pacific Coast that they have within their power the means to materially reduce the high cost of living.

Under existing law the Bureau of Standards is not empowered to take steps which will actually force down the cost of the necessities of life, but it can and is preparing to invent the way whereby States and municipalities can reach that end.

If State laws are not adequate then the work which the Bureau of Standards has planned will indicate the manner in which laws that must be enacted in order that the people may protect themselves.

It is by the elimination of fraud that the cost of living can be reduced.

P. J. Holbrook, assistant physicist and inspector of weights and measures of the Bureau of Standards, is now on his way to the Northern Pacific Coast and thence southward to Los Angeles, stopping en route in all large cities to ascertain in what ways the public is being imposed upon by dealers who knowingly or innocently are selling short-weight goods.

Mr. Holbrook, moreover, while traveling will make a study of State and municipal laws governing weights and measures and will look into the manner and effectiveness of the enforcement of the laws.

Similar investigations have been held by Mr. Holbrook in New England for many years and gross frauds were found.

These have in most localities been remedied by local laws by forcing dealers to mark weight or measure on all packages.

DELAWARE WINS CONTEST.

New Dreadnought Leads in Efficiency of Gunners During Annual Battle Practice.

WASHINGTON, Oct. 29.—One of Uncle Sam's newest dreadnoughts, the Delaware, led the sixteen battleships of the Atlantic fleet in gunnery during the annual battle off the Virginia coast last September.

The trophy, winner last year, the North Dakota, finished sixth, which is a record for a ship that had met with a serious accident just prior to the year.

The Delaware's officer ship, the North Dakota, finished sixth, which is a record for a ship that had met with a serious accident just prior to the year.

Lieut. Commander L. E. Overstreet seems entitled to the palm among the personnel of the fleet. He was on duty at the Delaware during the recent practice, and served in a similar capacity on the Vermont when she won the trophy last year.

KILLED IN TRAIN CRASH.

CHATTANOOGA (Tenn.) Oct. 29.—Passenger train No. 42, on the Nashville, Chattanooga and St. Louis Railroad, crashed into a freight train at Des Moines next Friday night, and Stevenson, Ala., today. One person was killed and several badly injured.

COLONEL TO TALK TO WOMEN.

CHICAGO, Oct. 29.—Col. Theodore Roosevelt will deliver an address on "American Ideals" before a joint meeting of the Iowa Congress of Mothers and the Iowa State Teachers' Association at Des Moines next Friday night, according to an announcement made today.

THREE YEARS FOR JOB.

It will take three years to complete the Panama Canal locks.

The gates are designed to hold back water 47 feet deep in a channel 110 feet wide, which means a pressure of a million pounds.

Engineers point out that even if a tremendous explosion or earthquake should damage or destroy one or more sets of gates, no great disaster would ensue, for all locks are to be made in duplicate to accommodate traffic, in both directions at once, and the wreckage of one set of locks would not necessitate the diversion of commerce into another set.

Violent earthquakes have not occurred in the Panama region for more than 200 years, and it would require a mighty siege for an enemy to destroy the locks.

Each lock will be ample for a ship fifty per cent. larger than any vessel now afloat and it has been estimated that violent earthquakes as a hundred ships could be handled in a single day.

(BY DIRECT WIRE TO THE TIMES.)

STEVENS (Wash.) Oct. 30.—[Exclusive Dispatch.] That a blow with a club inflicted by a visiting girl on the fair arm of a girl in the twenties is worth \$1000 to the injured lassie, was decided by a jury yesterday. The case dates back almost a year. Mrs. Kronsberg and Miss St. Martin, a friend, had registered at Shepherd's hotel, the only resort that rivals St. Martin's Springs, which Mrs. St. Martin conducts. The two girls in taking a stroll stopped on the grounds of St. Martin's Springs, when Mrs. St. Martin bore in sight armed with a club.

Witnessing the presence of a guest from a rival hotel she ordered Miss Kronsberg from the place and in endeavoring to strike the girl with the club, Miss Kronsberg was badly injured that she was kept in hospital for some weeks. Upon recovery she sued Mrs. St. Martin for \$1000 damages and the verdict was for the plaintiff.

Prominent Hebrew, Active in San Francisco's Vice Crusade, is Threatened by His Enemies.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Oct. 30.—[Exclusive Dispatch.] Rabbi Jacob Nieto has received threats of bodily harm, as a result of his endeavors to send "white slaves" to prison. The threats have come over the telephone and through attorneys.

Soon after the conviction of Joseph Fields, resulting from "white slave" investigation, a man who represented himself as the father of Fields, called him on the telephone and informed him he would "do him up" the first time he met him.

The second threat came from Joseph Bernstein, now indicted as a result of a "white slave" deal. Rabbi Nieto says attorneys who received the information told him Bernstein had said he would kill him as soon as he obtained his release.

Rabbi Nieto has taken an active part in the work of riding the "white slave" dealers and he doesn't fear their threats.

TO REVIVE COUNTY FAIR.

Mass Meeting Called at Stockton to Discuss Best Way to Accomplish Desired Result.

(BY DIRECT WIRE TO THE TIMES.)

STOCKTON, Oct. 30.—[Exclusive Dispatch.] Realizing that co-operation of the farmers is necessary to make the movement a success, the officers named to make a concerted effort to revive the old county fair throughout central California and the State have called a mass meeting of ranchers here next Saturday to get their suggestions as to the best method of accomplishing the desired end.

Recently the Chamber of Commerce initiated a movement to affiliate all cities and influence so that the next legislature might be prevailed upon to provide for a revival of the old fair plan. The farmers are especially interested to attend this session and it is believed there will be a big meeting.

There has been a general demand throughout the San Joaquin Valley for a revival of the county fair under a plan whereby the State will appropriate a state fund for each district.

FARMS FOR PATIENTS.

State Board of Health Would Give White Plague Sufferers Work and Outdoor Life.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Oct. 30.—[Exclusive Dispatch.] Members of the State Board of Health are starting a movement to have the State establish several farms for the benefit of tuberculosis patients, similar to the system successfully operated in Pennsylvania.

The plan is to have appropriations made for the acquisition of suitable sites in good, healthy communities for consumptives, and here let them do their own work.

W. F. Snow, secretary of the board, says farms would encourage industry among the patients and at the same time give them open air and the treatment which they need. There are 40,000 consumptives in California, with which number several farms could be well populated.

VALLEJO, Oct. 30.—[Exclusive Dispatch.] On account of embezzlement of funds by Richard Fairbairn, treasurer of the local Carpenters' Union, which is unable to hold socials which it had planned. Fairbairn departed three weeks ago, but it was believed the bonds he had furnished for \$1000 were good.

Investigation showed they had expired last month. A call was then made on the local bank where funds of the organization were kept, and it was found only 66 cents remained. A warrant has been sworn to charging Fairbairn with theft of \$930 of funds of the union.

Fairbairn is the third official of a labor union in this city to steal funds in the past year. L. J. Austin, a walking delegate, is now being sought, and former Secretary and Treasurer Dan Leavitt of the Union Labor Council, is out on probation.

Fire in Apartment House Has Serious Results for Newspaper Men and Firemen—Guests Escape.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Oct. 30.—Seven persons were severely hurt last night in an explosion during a fire in an apartment-house in Ellis street. Fourteen of the number were newspaper men, and the others were firemen. The explosion occurred in the building before the fire department, were overcome by gas and were rescued by their comrades.

The force of the explosion completely wrecked most of the rooms on the five floors of the building, shattering the furniture and crumbling the walls. Plate glass windows for several blocks in the vicinity were broken. The damage is estimated at \$40,000.

TOO MUCH WIND.

QUESTLER SOMERSAULTS IN AIR WHILE TOWING IN MONOPLANE.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND, Oct. 30.—[Exclusive Dispatch.] The motorplane yesterday, which was being towed by a tug, was blown overboard by a strong wind. The pilot, J. F. Walsh, failed to come to the machine in time, and the plane was blown overboard. The pilot was not injured, although his foot was driven through the fabric of the plane. The machine was wrecked.

The engine had been taken out for the flight.

Walsh set an Aero Club record for shortest start at 120 feet 10 1/2 inches, on his second attempt. He made a complete circle in the high wind, and in the third attempt he was blown overboard. The plane was wrecked.

"SLAVERS" THREATEN RAZBIL.

Prominent Hebrew, Active in San Francisco's Vice Crusade, is Threatened by His Enemies.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Oct. 30.—[Exclusive Dispatch.] Rabbi Jacob Nieto has received threats of bodily harm, as a result of his endeavors to send "white slaves" to prison. The threats have come over the telephone and through attorneys.

Soon after the conviction of Joseph Fields, resulting from "white slave" investigation, a man who represented himself as the father of Fields, called him on the telephone and informed him he would "do him up" the first time he met him.

The second threat came from Joseph Bernstein, now indicted as a result of a "white slave" deal. Rabbi Nieto says attorneys who received the information told him Bernstein had said he would kill him as soon as he obtained his release.

Rabbi Nieto has taken an active part in the work of riding the "white slave" dealers and he doesn't fear their threats.

TO REVIVE COUNTY FAIR.

Mass Meeting Called at Stockton to Discuss Best Way to Accomplish Desired Result.

(BY DIRECT WIRE TO THE TIMES.)

STOCKTON, Oct. 30.—[Exclusive Dispatch.] Realizing that co-operation of the farmers is necessary to make the movement a success, the officers named to make a concerted effort to revive the old county fair throughout central California and the State have called a mass meeting of ranchers here next Saturday to get their suggestions as to the best method of accomplishing the desired end.

Recently the Chamber of Commerce initiated a movement to affiliate all cities and influence so that the next legislature might be prevailed upon to provide for a revival of the old fair plan. The farmers are especially interested to attend this session and it is believed there will be a big meeting.

There has been a general demand throughout the San Joaquin Valley for a revival of the county fair under a plan whereby the State will appropriate a state fund for each district.

FARMS FOR PATIENTS.

State Board of Health Would Give White Plague Sufferers Work and Outdoor Life.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Oct. 30.—[Exclusive Dispatch.] Members of the State Board of Health are starting a movement to have the State establish several farms for the benefit of tuberculosis patients, similar to the system successfully operated in Pennsylvania.

The plan is to have appropriations made for the acquisition of suitable sites in good, healthy communities for consumptives, and here let them do their own work.

W. F. Snow, secretary of the board, says farms would encourage industry among the patients and at the same time give them open air and the treatment which they need. There are 40,000 consumptives in California, with which number several farms could be well populated.

A REFORMED SOCIALIST.

Europe is paying a good deal of attention at this time to the man who so successfully coped with the labor crisis in France, M. Aristide Briand, the Premier. Sallow of complexion, weak-kneed physically, rounded of shoulders, sunken-eyed, M. Briand does not strike the average observer as one who would be able to hold his own with fierce and lawless spirits. But with him, as with many other people, appearances are deceiving. The French Premier is not only a shrewd diplomat, but when it comes to dealing with strikers who threaten the government of his country, he proves himself to possess relentless energy, the gift of high courage, and unconquerable will power. In a word, a strong man.

It is interesting to observe that M. Briand is what may be called a reformed socialist. When he was a young and foolish barrister, not overburdened with briefs, he professed willingness to follow the red flag. Probably he did so for reasons connected with keeping the wolf from the door. When he was elected a Deputy in the French Chamber, it amused him and strengthened his hold on many votes to call himself a socialist. He was chosen a Cabinet Minister and he clung to the belief that he was a socialist at heart, and often assured his dear "comrades" of the fact. He even hoodwinked himself into believing he was still a socialist when called upon to form a government of his own, for he introduced himself in the Chamber of Deputies as "the first socialist Prime Minister of modern times."

But his experiences in office have shown him that he is not a socialist, but a broad-minded conservative, enterprising and active, but determined that mob law shall not prevail in his beloved republic, which he once said took the place with him of wife and child. Briand is a man who believes in conciliation; but when he has to deal with those who refuse to be conciliated, he adopts stern measures.

A POOR CAMPAIGN.

The insurgents in charge of the Republican campaign in California are worried, and well they may be. The head of the ticket is in danger and the chances of Spillacy (Dem.) for election to the Lieutenant-Governorship in place of the Republican nominee, Wallace, are conceded by all observers. The indications are that the Democrats may capture Legislative seats and county offices, here and there, thanks to Republican mistakes. The whole campaign has been mismanaged from beginning to end, and this criticism holds good, no matter what the result may be. The present flustering and anxiety in the campaign rooms prove it. There has been treachery and inefficiency at headquarters. There has been a disregard of long-settled Republican principles and a flouting of the great Republican leader, President Taft. Yes, the new hands at the helm have made a number of the job.

THE WEAKNESS OF FORT.

When civil officials fail to maintain law and order, it becomes the manifest duty of the Governor of the State to step in. A state bordering on anarchy reigned in Jersey City last week. The rioting was so turbulent that an appeal was made to Gov. Fort to call out the State troops to protect non-partisan men from the murderous assaults of strikers. The Governor last Wednesday refused to comply with the demand. Naturally this made the rioters bolder and more defiant. The men who had the luck to work in the face of threats of being maimed, perhaps killed. On Saturday matters had reached such a desperate pass that Gov. Fort let it be known that he was ready to call out militia in New Jersey if the situation grew more serious.

It seems to us, as it must to every person interested in seeing the government of the country carried on with decency, that Fort showed decided weakness. It is obvious that if he had performed his duty and called out the militia when the first appeal was made to him, much of the later rioting would have been prevented. If there is anything a mob of stone-throwing and gas-pipe-using unionists dislikes to see, it is a regiment of the National Guard prepared to obey commands, no matter who may suffer. A determined stand by the Governor of New Jersey in the middle of last week would have prevented a good deal of the later shedding of blood, stone-throwing and conflict with the police.

A policy of splendid inaction may be useful at times, but the Governor who indulges in it when unionist mobs are on the rampage, leaves himself open to be accused either of cowardice or intentional disregard of his oath of office.

MORE PROGRESSION IN ARIZONA.

The Arizona statesmen are progressive, sure. They have decided to place in their Constitution the initiative, the referendum, the recall, the direct primary and the election of United States Senators by the people. They promise to exclude from the privilege of suffrage the tawny-skinned, dark-eyed, guitar-playing, sombrero-wearing, scantily-breeched caballero, whose alleged disqualification is inability to read the Constitution of the United States in English, but whose real disqualification is a disposition to vote the Republican ticket.

But the yearning of Arizona Democratic statesmen to dabble in experimental legislation has not been glutted with the reforms we have enumerated. The delegates are reaching out their sucker-capped tentacles, like a hungry octopus, ready to fasten upon any novelistic legislation, ethical, theological or political improvement that may be found swimming in their vicinity. One statesman, who has probably been inconvenienced by the persistent and impertinent inquiries of some myrmidon of the law in the shape of a deputy sheriff, and who has suffered the pangs of an unsatisfied appetite for turkey, because of his refusal to answer questions, has proposed a section to the Constitu-

tion abolishing the third degree and providing condign punishment for any dog-gasted policeman who shall attempt to bestow its mystic rites upon a recalcitrant criminal. Another delegate, who does not hold to the doctrine of Caesar that death is no punishment, proposes to abolish the death penalty, and no man shall be electrocuted, or shot, or hanged, or otherwise deported from this mundane sphere simply because he has forcibly ejected from human activities one or more victims with whom he differed on points of ethical or social etiquette, or whom he was reluctantly compelled to slay for opposing him while in the legitimate exercise of his vocation as a porch climber or stage stopper. Instead of death for the murderer in Arizona, there will be life imprisonment, and if the convict or his friends have money, the rigors of prison life can be greatly ameliorated. Prison fare will consist of the choicest viands brought in from a neighboring restaurant. Prison work will consist of keeping books, and prison garb may be modified so as to permit of shirt waists, tuxedos and embroidered pantalons.

It is now proposed to guard the mining industries as well as the ballot box from the incursion of debauched Mexican labor by making it unlawful to employ as a miner any man who cannot speak the English language.

Lastly, the incursion of a leprous, pig-tailed Mongolian horde into the State of Arizona is to be guarded against by providing that no Oriental-born son of a moon-eyed mother, whether Chinese or Japanese, shall be suffered to step within the limits of Arizona municipality. If he must slumber, let him dwell in an unincorporated town, or fly to an unincorporated desert, where only the coyotes will be disturbed with his snoring.

We suggest one other measure to the Arizona Solons. Let them abolish all laws for the collection of debts. That would lessen the volubleness of their civil codes, reduce the expense of maintaining courts, cut down the cost of county officers, and make all obligations debts of honor.

When the Duke of Connaught, as the representative of the British Crown, declares the new Parliament open, there will be no more distinguished person in the building than Gen. Undoubtedly, to the American people, the most popular figure of the two will be the rugged veteran who bore his arms so bravely for the independence of his country, and who bowed serenely to the fortunes of war when the enemy proved victorious, stayed by the land, and rose to be its most prominent citizen.

Let it be remembered that the people who are trying to defeat a portion of the Los Angeles county Republican ticket are also sneering at President Taft. Can the Republicans afford to stand sponsor for such methods of warfare?

Doubleless there are other measures of advanced thought that he brought forward in the Arizona Constitutional Convention. But won't the new State have a hell of a time getting into the Union?

WHEN DUKE MEETS BURGHIER.

This week will be important in South Africa where the first Parliament of the United States of that section is to be opened. Of course, as in all British events of the first class, royalty will have the center of the stage. The Duke of Connaught, uncle of George V, will declare the Parliament open. The affair will take place at Cape Town on November 4.

Boer and Britisher, having buried the hatchet, will meet on common ground, with a Boer as the leader of the government, and an Englishman at the head of those sitting in "the cool shades of opposition." It is almost exactly eleven years since President Kruger presented his ultimatum to the British and three days later, at Kraaipan, the first shot in the remarkable war was fired.

The country which then was given over to conflict and which, even in ordinary times, was considered a land of blacks, ostriches and diamond hunters, is now a union of equal status to the Dominion of Canada and the Commonwealth of Australia.

The great advancement in the eleven years since Kruger defied the British lion is eloquent testimony to the worth of the country and to the

fact that a long and cruel war could not keep it down. When the Duke of Connaught, as the representative of the British Crown, declares the new Parliament open, there will be no more distinguished person in the building than Gen. FIGMAN'S ART **STILL DELIGHTS.**

GENTLE COMEDY OF "MARY JANE'S PA" SEEN AGAIN.

Hartman Struggles to Make Fine Specialty Attraction for Peer Piece. Reviews and Henry Miller Tonight. Two Continuances—News and Announcements.

The charm of "Mary Jane's Pa," is based on the same universal love of the audience as the charm of Max Figman's art, and for this reason the performance at the Mainburger Music hall possesses an appeal all its own. The audience's sympathy between the art and the players.

"Mary Jane's Pa"—Hiram Perkins—was a more or less irresponsible person who enjoyed touching the high end of the stick, and his family suffered the inconvenience of his not having a job. He fitted away quietly one day and sought the aforementioned altitudes for a decade, returned, was placed on probation as a cook for his wife and children, made good in the kitchen, and was welcomed home.

This is hardly a sound doctrine to place before husbands of a wife's disposition, but it is a most alluring episode.

Max Figman in his art is very similar to Hiram Perkins in his life. He is a man of the heart, gripping manner of the dramatic actor, but he leads them away from the maze of the commonplace and with light and easy touch he makes the atmosphere with brightness.

He makes the things of kitchen and life with a breezy comedy spirit of his own. For instance, there is nothing so commonplace as seeing a man on the stage, but Figman presents his brief dinner with a dot of meaning in each trip of knife and fork.

Paulette Divine than she gives can be imagined. Miss Gordon offers all the little delf touches of Parisian coquetry without even once making the role as tedious or suggestive. Her performance is a rare display of finished comedy work and the shrieks of laughter that reward her are pretty conclusive proof that the Belasco audiences appreciate the artist.

Lewis S. Stiles has never given a more thoroughly consistent performance than his portrayal of the young private secretary in "The Blue Mouse." Instead of playing it like a stage Romeo, Stiles makes the character a sensible young man, bespectacled and somewhat reserved. The contrast between his impersonation and that of the lively, somewhat Pauline, is given by Miss Gordon, is the basis for three acts of unalloyed joy.

"The Gay Lord Quex," scheduled for production at the Belasco next week—that is, if the success of "The Blue Mouse" does not demand a third week of the farce—will introduce John J. Kennedy, a new member of the Belasco-Blackwood forces. Rehearsals of "The Gay Lord Quex," which were called off last Wednesday on account of the postponement for a week of the opening performance, will be resumed this morning.

Several thousand dollars' worth of new scenery will be installed on the stage of the Los Angeles Theater this week. These new stage settings consist of several complete new interior stage settings, many picturesque outdoor sets and four attractive "drops." The new scenery is the work of the Flag studios, and will serve to brighten and give the stage of this variety theater a new and attractive appearance.

Four reasons make these dress goods noteworthy:
FIRST—The goods are new and in good taste,
SECOND—The goods are reasonable,

CRIMES COMMITTED.

With shame true Christians must

admit that most atrocious crimes were

committed in the name of Jesus

during the "Dark Ages." Worse than

that, the horrible misrepresentation

of the fact that Jesus was a Jew,

for still continues. Witness, for in-

stance, the injuries practiced in the

name of Jesus in Russia for years past, and in vari-

ous nations in remoter times. Witness

the fact that only two months ago

the so-called Christians of Roumania

acted like veritable demons toward

their Jewish neighbors. Well-authen-

ticated accounts tell that the Jewish

cemetery was despoiled. Many of

those buried within the two preceding

months were dug up and the putrid

and mangled corpses thrown on the

streets and in the door-yards of their

families. Can we wonder that the

Jew has come to have a hatred for the

young Christian and for the name Jesus?

The name Jesus, as is well known,

is but another form for Joshua, which

signifies Deliverer. The name Christ

is the Greek equivalent for the word

Messiah. Every Jew, rightly informed

respecting the character and the teach-

ings of Jesus, is bound to respect him

and his immediate followers as

amongst the greatest Jews that ever

lived. They must not be judged ac-

cording to the perversion of their

teachings, so common amongst Chris-

tians, but according to the teaching

which they themselves have been

throughout the entire ages a saintly

few who have closely followed in the

footsteps of Jesus.

In my preaching I do not urge upon

the Jews to become Christians; but I

urge them to hold forth with the

same faith and courage as the

apostles, and to assist them to get

SECRET HELD BY DEAD MAN?

"FRED" WOULD TELL SOMETHING, BROTHERS FEAR.

DEATH IN ELEVATOR CLIMAX OF MANY QUARRELS.

SHADOW OF ALLEGED CRIME IS EVER TRAILING HIM.

In all the wide city, with its hundreds of unfortunates, there is nowhere so pathetic a figure as the little black-clad form that bends today above the cradle of a month-old girl-baby at the door of hope. Desolate and forsaken, ruled by her own brothers, whatever blame may attach to the death of the woman who died in the elevator shaft of the Citizens' National Bank building four weeks ago.

Miss Tyson, who, until a few days ago, posed as Mrs. Frederick Shaw, the wife of the dead man, is 25 years old, though she appears much younger. She was pretty once, but the tragedy of her life has long since robbed her face of any semblance of prettiness. Her hair, as black as the plain, slight gown she wears in mourning for her brother, is parted in the middle and brushed severely back from a white, well-shaped forehead. Her blue-brown eyes are reddened and bloodshot from much crying. Her hands, though well-kept, tell of a long struggle for a living, hardly gained.

The infant, a tiny mite, prematurely born because of the shock of its father's death, may never know the story of its coming into the world. Those who knew the father will say that its resemblance to the dead man is marked enough to establish the fact of its paternity, even if the mother's denial is as strong as hers. Despite the character of the crime of which it is the innocent outcome, there can be no question as to the love the mother bears the babe. She can scarcely leave its bedside and, though she realizes that for its own sake, it should be taken from her, she thoughtfully cradles her.

LIVES IN FEAR. Her half-brother, arrested Saturday afternoon upon the woman's accusation, is confined in the County Jail, charged with a felony. In common with his half-brother and sister, he has lived here since the death of their father, variously known as Henry, John and Jack Shaw. It was under the latter name that he was arrested, upon a warrant issued on the strength of information supplied by Mrs. Leland Norton and Attorney Earl Newman, representing the Legal Aid Society. He admitted yesterday that his true name is John James Morrison. Of his personal history he said little, except that he was a non-commissioned officer in the English ranks during the Boer War.

Morrison is a small man and, according to those who have often seen him, of rather repulsive appearance. He is 4 years old, dark hair, and a sandy mustache. His eyes are weak and, rather, shifty, behind their shield of glasses. The left arm is disabled, having been, according to his sister's story, paralyzed by a shot fired by her full brother in a fight occasioned by jealousy, of which she admitted that she was the cause.

Miss Tyson has been unable to add much that is new to the story, which she first made relative to her half-brother's history. He, she says, was a girl of 14, and for twelve years she had known nothing of either Fred Tyson or Morrison until she came to this country at their request a year ago.

From recriminations which she says she overheard between the brothers, and from the evident fear under which the older man seems to have constantly been, she feels certain that he has at some time during his wanderings, been guilty of a crime, the shadow of which has followed him ever since. Her story of the ax and revolver which he kept with him as he slept, were verified by the finding of both weapons, the ax beside his bed and the six-shooter in his pocket, at the scene of the crime.

What the crime is, any way, the woman maintains she does not know, though she inclines to the idea that it was murder. She says that, while employed in the mines of Western Australia, Morrison was arrested and given a full sentence on a charge of assault with a deadly weapon. She thinks, however, that the more serious of the alleged crimes was committed in England.

SEGREGATION OF STATE AND COUNTY TAXES.

Office of Associated Realty Boards of California Explains Some Benefits to Be Expected From Constitutional Amendment Number One, to Be Voted Upon.

Assistant Secretary H. C. Lucas of the Associated Realty Boards of California was in the city yesterday. Mr. Lucas expressed his gratification at the complete presentation in yesterday's Times of the constitutional amendment, which are to be passed upon by the voters of California in the general election on Tuesday of next week. "The most important constitutional amendment proposed," said Mr. Lucas, "is that designated as No. 1, the purpose of which is to segregate State and local taxation. This will entirely remove the State tax now imposed on property in general and thereby relieve real estate from its present burden of paying 50 per cent. of the taxes in California. It will entirely remove from local taxation all of the properties of the railroads and public service corporations, and the State will derive its revenue by an income tax upon the gross earnings of these corporations.

"Among the proponents and strongest advocates of the amendment are the State Board of Equalization, the State Grange and the State Realty Federation. Many educational and civic organizations throughout the State and the leading newspapers of San Francisco, Fresno and other cities have generally endorsed the proposed amendment."

"What effect will the amendment have in Los Angeles county?" was asked. "In the first place it will save to the taxpayers of your county about \$1,800,000 in State taxes. It will remove from your county assessment rolls properties which now pay to the county about \$350,000 in local taxes. The net gain, therefore, is about \$1,450,000. It will forever abolish the State Board of Equalization, which attempts annually to equalize taxes as between the counties of the State. If I remember rightly your assessments here in the Fourth District were materially raised by the Equalization Board last year."

"By separating the sources of State revenue from those used by the counties and cities, the present inequalities of valuation and assessment between counties will be automatically cured, and the amendment will extend home rule in matters of taxation to cities and counties."

"Public service corporations are taxed for State purposes in six other States, Pennsylvania and Connecticut are the pioneers. New York and Virginia achieved separation about 1905. Wisconsin in 1909 and Minnesota in 1910. The movement for tax reform in California began as far back as 1888. The Legislature of 1907 prepared a constitutional amendment which was submitted at the general election in 1908. It was defective and was defeated. The Legislature of 1909 revised the amendment to meet the objections to the former document and a second revision was made at a special session called to correct some verbal inaccuracies.

Baby's Voice

Every woman's heart thrills at the cooling and prattling of a baby, and motherhood is her highest and purest joy. Yet the mothering incident of this great consummation of her life's desire, robs the anticipation of some of its sweetness. Most of this can be avoided by the use of Mother's Friend.

This great remedy prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. Mother's Friend assists nature in gradually expanding all tissues, muscles and tendons, it strengthens the ligaments, keeps the breasts in good condition, and brings the woman to the crisis in healthful physical condition. Gold Dust

Makes Dish-washing easy

The use of a little GOLD DUST in your dish-water will make your dishes whiter, sweeter and cleaner than they ever can be without it. Unlike soap, GOLD DUST does more than clean the surface. It goes deep after germs and hidden food particles, and sterilizes everything it touches.

GOLD DUST does all the hard part of the work without your assistance, because it begins to dissolve and clean the moment it touches the water.

When you have to wash dishes 1000 times a year, the GOLD DUST method of saving half your time and half your labor means something.

Letter Carriers' High Jinks.

The letter carriers and their families participated in a Halloween high jinks in Symphony Hall Saturday evening. The "Grecian Ladies" Medial Orchestra furnished an entertaining programme. A hit of the evening was a song and chorus by Mrs. Elmer L. Smith, composed by her and dedicated to Branch No. 24, in the interest of Los Angeles as the National Convention city of the Letter Carriers' Association in 1912. Other features were a grand march, led by the branch and auxiliary presidents, followed by some of the ladies masked to represent witches and pumpkins. An overboarded letter carrier was impersonated by Mrs. George De Hay. Contests, dancing and suitable refreshments concluded the evening's pleasures.
